Summer Assignments Grade 6-8

Each student will have a **Math and Language Arts Summer Boost** assigned in their **IXL account**. This will help solidify student understanding of key concepts and make sure they are ready to learn more in the next grade! Each Summer Boost assignment is composed of 20 skill lessons; these cover topics that the students should be familiar with in their present grade level. The program is adaptive; if the student gets a question wrong there is instruction to let the student know what the correct answer was and why. As students answer the questions their SMART Score grows. Students should work for a SMART Score of 90-100 on each assignment. Students can choose to do the assignments on any days they wish. ***Students are also expected to work on their personal "Step into the Arena" skills. All IXL assignments need to be completed by August 15th.*** This will allow for the system to be set up for next year and give the students a break to end the summer.

Math 6-8

Be sure to complete all of the assigned skills and review the math concepts for there will be a quiz the first week of school. **All incoming 6th-8th graders should have mastery of basic facts (addition, subtraction, multiplication and division up through and including 12's.)** **Algebra** students should have all perfect squares memorized up to 400 (20²) and should complete their summer assignments by August 15th.

ELA Assignments Grades 6-8

In addition to the above Summer Boost and "Step into the Arena" skills, all students will read one book (from the lists below for each grade) and complete a book report form that is attached at the end of this letter.

- Grades 6-7 Students are to read: ***Outlaws of Ravenhurst*** by Sr. M. Imelda Wallace S.L.
- Grade 8 Students are to read: ***The Bronze Bow*** (a Newbery Award Winner) by Elizabeth George Speare
